Where do I go to look for articles?

Please follow the directions below to access the library’s online databases to look for articles.

2. Click on the button that says Library on the left hand side of the screen or go directly to the library website by going to http://www.judsonu.edu/library.

3. Click the link on the right hand side of the screen that says EBSCO Databases. If you are off-campus, login with your library ID number. Check the boxes for the databases that you want to search in or check the box to Select All of the databases. Click Continue.

4. OR you can click the Online Databases button on the left hand side of the library website or the Find Articles link on the right hand side of the library website. Click the link for the database that you want to search in. If you are off-campus, login with your library ID number.
