I can’t find the books that I want in the Judson Library Catalog. Is there another way to get them?

If Judson does not own the books that you want, you can use the I-Share catalog. I-Share is a catalog that is shared between 80 Illinois academic libraries.

1. Go to the library website at [http://www.judsonu.edu/library](http://www.judsonu.edu/library)
2. Click Library Catalogs or Find Books
3. Click I-Share
4. Search with keywords, a title, or an author
5. When you get to the detailed record for a book that you want, click the Request 1st Available tab
6. Login, if you haven’t done so already
7. Change the pick-up location to ROCKFORD CIRC if you want to have the book delivered to the Rockford campus
8. Click the Request button
9. It usually takes about 1 week to get books through I-Share. You’ll get an e-mail at your Judson e-mail address when the books are available for you to pick up.

*Note: Unfortunately, you cannot request ebooks through interlibrary loan.*
