

JUDSON UNIVERSITY

Information Technology Department

Email Settings Needed to Connect Your Phone to Judson E-Mail

(Staff & Faculty Only)

1. When asked for your username and password, you will need to type in your current Judson username and password. For example, if your name was John Doe, your username would either be in the format of `jdoe` or `john.doe`.
2. When asked for the Incoming and Outgoing server, use **postoffice.judsonu.edu** for both.
3. There will be a checkbox asking if you want to use an SSL certificate. In some cases, it may ask if you want to securely connect. Make sure those boxes remain **unchecked**.
