Master of Leadership in Ministry Catalog 2014-2015
Welcome!

This catalog is designed to provide information about the Master of Leadership in Ministry degree program and is intended to remain in effect for the period for which it is issued. However, the University reserves the right to revise information, requirements, or regulations at any time. Whenever changes occur, an effort will be made to notify persons who may be affected.

The material in this catalog is for information only and does not constitute a contract between the student and the University. The University reserves the right to revise policies, amend rules, alter regulations, and change financial charges at any time in accordance with the best interest of the institution. The effective date for the policies, regulations and information will be the beginning of each new program cycle. Enrollment in the degree program is designed to lock in financial charges over the scheduled length of the program cycle.

Additionally, the University reserves the right to determine the number of students in each class. If an insufficient number of students enroll, the University reserves the right to cancel the course, to change the time, or to provide a different instructor.

Judson University is in compliance with federal and state requirements for nondiscrimination on the basis of disability, sex, race, color, age, creed, and national or ethnic origin in admission and access to its programs and activities.

Judson University is in compliance with FERPA, the Family Educational Rights and Privacy Act, which is designed to protect the privacy of educational records.
MLM Program Locations

Some classes will be fully online. Others will combine online learning with face-to-face intensives, benefitting from the best of both learning formats. Some courses will be taught on-location in Chicago and in the Holy Land in Israel.

Locations

Elgin Campus

Judson is located in Elgin, a city of 100,000 in the Fox River Valley of Illinois. It is 40 miles northwest of Chicago just off the Northwest Tollway (Interstate 90) on State Route 31. To the east is the Chicago metropolitan area; to the west, a broad expanse of farmland. Therefore, it is possible to enjoy the cultural and recreational advantages of metropolitan Chicago plus the openness of the Illinois countryside.

Rockford Campus

Students at Judson’s Rockford campus enjoy classes in a building that opened June 2007. This building provides a total of eight classrooms that feature window views and provide wireless internet access. In addition, a new larger Customized Learning Center provides a separate testing room. Students can also enjoy the student lounge complete with a kitchen area. This facility is located at 1055 Featherstone Road, Rockford.

**Master of Leadership in Ministry**

**ADMISSION REQUIREMENTS**

- A completed application form
- A BA from Judson's Department of Christian Ministries or its equivalent from a regionally accredited Christian college or university. (Applicants with a non-ministry BA may demonstrate competencies in key prerequisite areas during the application process by describing how other learning and ministry experiences have developed these competencies outside of a degree program. Some deficiencies may be remediated through taking the appropriate undergraduate courses or completing reading response papers for assigned texts.)
- One year of prior ministry leadership experience (For alumni of CM Dept. majors, the required practicums and internship in the BA will satisfy this requirement.)
- Ministry Leadership Involvement: 20 hours per week during the program.
- Official transcripts with a bachelor's degree showing a grade-point average of at least 3.0 on a 4.0 scale
- Two letters of reference from pastors and/or other professionals in Christian ministry leadership
- Personal essay describing the applicant’s ministry experiences, current ministry involvement, and reasons for pursuing graduate studies
- Access to high-speed internet
Statement of Purpose

The Master of Leadership in Ministry (MLM) is an innovative, accelerated, (16 months), cohort-based, in-ministry program designed to educate, equip, and empower scholar-leaders for vocational ministry in Churches and other ministry organizations. Building on knowledge and competencies developed in bachelors’ degrees currently offered Department of Christian Ministries (or comparable degrees), course work is focused on integrating foundational knowledge of the Bible, theology, social sciences, leadership, and ministry practice. The program utilizes a hybrid of online coursework combined with strategically chosen face-to-face sessions including two course taught on location in Israel.
Program Distinctives

Reflecting feedback from current students, alumni, and ministry practitioners, an understanding of generational preferences, and a focus on essential vocational ministry outcomes the MLM offers incorporates many unique elements that will benefit potential students:

1. **Biblical & Theological Integration – A Practical Theology Approach at Every Level**

At times, the practice of ministry can be disconnected from biblical and theological foundations, resulting in a pragmatic, “what works” approach to ministry and leadership. At other times, one can focus entirely on biblical and theological understanding without consideration of the impact on ministry practice. Building on Bible, theology, and philosophy courses taken at the undergraduate and graduate level, this program seeks to root all aspects of the curriculum in a process of practical theology, connecting biblical and theological foundations with everyday ministry praxis. Utilizing the student’s “In-Ministry” site for extended case study analysis, many of the major course projects will encourage students to apply theological, biblical, and social science foundations to real-life ministry.

2. **Experiential Education – A Hands-On Kinetic Learning Analysis**

Whether its touring historical sites in Israel, hiking the Jesus Trail, connecting with ministry leaders on location in the Chicago area, attending the Willow Creek Association Global Leadership Summit, or teaching a lesson in one’s ministry, students will engage in a variety of creative learning experiences designed to integrate with the program’s academic goals. This pedagogy is particularly attractive to the 23-35 year olds who are most likely to pursue this degree program.

3. **Intensive Field Experience – An In-Ministry Model**

Effectiveness in leadership and ministry is developed through a pairing of scholarly learning with practical experience. Working at least part-time in ministry leadership throughout the program, students will have multiple opportunities to apply the concepts discussed in classes and acquire ministry lessons that can’t be taught in the classroom. This process of feedback, analysis, and personal development will occur under the supervision of an experienced mentor.

4. **Variety of Learning Formats – A Borderless Classroom through Multiple Onsite & Cohort Interactions**

The MLM will combine online learning with face-to-face intensives, benefitting from the best of both learning formats, and will include learning on-location in the Holy Land and Chicago. The cohort-based format will enable us to intentionally build and integrate concepts sequentially while building a strong community of learners.

5. **Tech-Friendly – An Enhanced Approach to Learning**

Using a tablet computer (provided to students), research, presentation, and connectivity software (such as Logos, Google+, Skype, Camtasia, Google Docs, and eLearn/Moodle), the MLM program will take advantage of the latest in technology to stimulate learning, facilitate community, and assist ministerial and leadership growth.

6. **Intentional Mentoring – A Guided and Supported Development**

Mentoring is essential for leadership development and life-long ministry. Students will develop a mentoring relationship with a mature Christian leader for the purposes of spiritual and ministerial growth. They will also develop a ministry support team including peer leaders and mature lay leaders, who will encourage the student and speak into his/her development.
7. **All Inclusive Tuition – Really, Everything!**

The one set tuition will cover tuition, Israel trip, Chicago-area ministry visits, books, housing and food for onsite courses, a tablet computer, required software, and all other program expenses.
Time Limit and Student Load

The Master of Leadership and Ministry is designed as an accelerated program to be completed in a 16-month cycle. If a student does not complete that cycle, a time limit of six years from the beginning of the first graduate course at Judson University is allowed to complete degree requirements. Policies and charges in effect at the time of reactivation will be applied.

A student will be considered a full-time student if enrolled for the prescribed number of hours in the packaged program during a given term.
Privacy/Directory Information

In accordance with the General Education Provisions Act of 1974, Judson University protects the rights of students in regard to the privacy and accuracy of their educational records.

The following items are considered Directory Information that may be used in publicity or in response to inquiries regarding a student: name, date and place of birth, dates of attendance or graduation, permanent residence, weight and height for members of athletic teams, major, religious preference, degree, awards and honors, participation in official activities, local address and phone number, most recent educational institution previously attended and University employment status. A student who does not want this information made public may indicate his restrictions to the registrar within three days after the end of the registration period for each term.

FERPA

The Family Educational Rights and Privacy Act of 1974 (F.E.R.P.A.), also known as the Buckley Amendment, protects the privacy of student records. This Act provides students the right to inspect and review education records, the right to seek to amend those records, and to limit the disclosure of information from the records. Under FERPA colleges and universities have up to 45 days to comply with a request from a student to view their records.

The Family Educational Rights and Privacy Act strictly limits parental access to the educational records of their University-enrolled children. Judson University intends to comply fully with this Act. However, FERPA guidelines do allow students to voluntarily surrender some of their privacy rights.

As a result, while Judson recognizes the legitimate interest of parents, guardians, and spouses to consult with professional staff about the academic and personal well-being of their students, the University cannot do so without a written release signed by the student. Each letter of release should be as specific as possible, specifying what information can be released, to whom it can be released and who at Judson is being authorized to release the specific information.

For more information FERPA, please contact the Office of Registration and Records or visit the Department of Education website at http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html
Right to Know

In accordance with the provision of Law 93-380, a student currently or formerly enrolled at Judson University has the right to access his or her records.
Responsibility of Student

The student is responsible for knowledge of the regulations and policies as published in the Catalog. The student should take the initiative in seeing that all necessary forms are completed and returned to the Director of their program.
Non-Discrimination

Admission to Judson University, participation in all of its academic and co-curricular programs, eligibility for its various financial aid programs and all college services are open to all without regard to race, color, gender, creed, or national and ethnic origin.

Judson University seeks to provide a balance in all of its programs and services to women. A self study has been completed to make certain the university is fulfilling all requirements of Title IX concerning nondiscrimination on the basis of sex. No disabled person shall, on the basis of disability, be excluded from admission and no disabled student shall, on the basis of disability, be excluded from participation in or be denied the benefits of any university program, activity or service. No qualified disabled person shall, on the basis of disability, be subject to discrimination in employment under any program or activity of the university. Judson’s nondiscrimination policies are coordinated by the Vice President for Business Affairs and the Vice President for Student Development.
Transcripts, Enrollment, and Degree Verification

An official transcript of a student's academic record at Judson University is available only through the Registrar's Office. Any student who has an obligation to the university will have his/her transcript, degree verification, or past enrollment verification held until the obligation is resolved.

There are three methods available for ordering your transcripts. Rush orders will only be processed for transcripts requested through option 1.

1. **Online/Phone Request**: Order online or by phone. There is a $5.00 service fee for online orders and a $10.00 service fee for phone orders. You will need a valid major credit card to order transcripts. Orders will be processed in **2-4 business days**. 1 day processing is possible as long as the student has no outstanding obligation to the university. Log on to [https://www.credentialst-inc.com/tplus/?ALUMTRO001700](https://www.credentialst-inc.com/tplus/?ALUMTRO001700), or call direct at 800-646-1858.

2. **Mail Request**: Order via the U.S. Postal Service. There is a $5.00 postage and handling fee. Orders will be processed within **7-10 business days** of receipt of your request form.

3. **Request in Person**: You may request your transcript in person at the Registrar's Office, first floor of the Lindner Tower Building. **Please allow minimum of 30 minutes for processing**. If issued to the student there is no fee. If you need Judson to mail your transcript the $5.00 postage and handling fee will apply.

Degree verification, past enrollment, or present enrollment: **National Student Clearinghouse**

1. **For Degree Verifications (and past attendance)** Log on to [National Student Clearinghouse](https://www.nationalstudentclearinghouse.com)

2. **For current enrollment verification**, Log on to [National Student Clearinghouse](https://www.nationalstudentclearinghouse.com)

For complete ordering information, click on [www.judsonu.edu](http://www.judsonu.edu), select Quick Links and click on the Transcript Request form.
Transfer Credit Policy

Graduate credit awarded by outside institutions may not be counted toward a Graduate degree at Judson University.
Registration

This program is designed in a cohort model. Registration for the entire program is completed at the beginning of the first term.
GRADE GRIEVANCE

Any student has the right to appeal a questioned grade to the course instructor in writing, if the student believes the instructor has miscalculated the grade, or has not given reasonable and timely assessment of the student's course assignments. The appeal process must conclude within six weeks of the start of the appeal. Grade changes submitted after the six-week deadline will not be processed.

A procedure has been established for resolving those occasions when a student actively disagrees with the grade received in a course.

- No later than two weeks after the student's receipt of the grade report listing the questioned grade, the student must confer with the instructor. If a grade inaccuracy is determined, the instructor will process a grade-change request. Grade changes must be submitted within four weeks of the start of the appeal.
- If agreement cannot be reached, the student may appeal to the division chair in writing. If the division chair can mediate an agreement between the student and instructor, a grade-change request may be processed. If no agreement can be reached, or if the instructor is also the division chair, the next step is applicable.
- The student may appeal the decision to the Vice President and Dean of Adult and Continuing Education Programs in writing. They shall investigate and render a decision. A decision by the V.P. either to change the grade or leave it as it is, will be considered final.
- Approved by the Vice President and Dean of Adult and Continuing Education Programs

COMMUNICATION POLICY

The primary method of communication between graduate students and the university will be through electronic mail.

While enrolled in the Master of Education in Literacy program, students have the responsibility to check their Judson University e-mail accounts daily for timely and important communication that may be sent from the program director, professors teaching in the program, or offices of the university.

Students admitted to and entering the Master of Education in Literacy program must accept full responsibility for consequences resulting from a failure to regularly read and respond to e-mails related to coursework or university obligations. Graduate students experiencing difficulty in using a Judson University e-mail account should notify both IT Help Desk 1(847) 628-4357 and the program director (847) 628-1093.
Graduation Requirements

All degree candidates must have earned at least a 3.0 grade point average, have successfully submitted a research-based feature article to a peer-reviewed journal, completed all courses and be approved for graduation by the Program Director, the Dean of The School of Leadership and Business, Adult and Continuing Education, and the Faculty. No course grade lower than a C will be accepted towards graduation in the program. The candidate must apply at least 6 months prior to his/her planned graduation date to participate in the commencement and hooding exercises according to College policy.

Protection of Human Subjects in Research

A student preparing to conduct research involving the use of human subjects, whether or not this is pursued in connection with the Graduate Action Research Project, must secure approval of Judson University Institutional Review Board prior to undertaking the research.
Withdrawals and Course Drops

A student withdrawing from the program or dropping a course must complete an Add/Drop form and file it with the Program Director. Withdrawals will be processed as of the date the Add/Drop form is received in the Registrar's Office. Financial Aid will be refunded to the awarding sources as per the federal regulations. The student will be placed on inactive status and must reactivate within the six-year period in order to complete the degree. Once a student has been inactive for more than one semester they must reapply to the program through the Program Director.
Academic Dishonesty and Plagiarism

Honesty in all matters is a valued principle at Judson University. Members of this community of learners—students, faculty, staff, and administrators—are expected to treat each other as trustworthy, honest, and honorable. Any form of academic dishonesty, which includes cheating, plagiarism, and falsification of documents, constitutes a serious breach of trust. No form of academic dishonesty will be tolerated. Plagiarism is the use of another’s words, information or ideas without giving credit to that person. This includes copying, quoting, paraphrasing, or taking an idea from published or broadcast material or from another individual. Plagiarism is dishonest and can be illegal. It is the student’s responsibility to be careful and meticulous when taking notes and documenting sources. Unintentional plagiarism may still be considered stealing someone else’s work or misrepresenting it as one’s own. Further, it is the responsibility of the student to follow the appropriate style of documentation as determined by the instructor or program. If the student has any questions regarding the appropriate style of documentation, the student must be certain to ask his or her instructor. Further instruction is available at the library.

DOCUMENTATION OF APPEAL PROCESS

For reasons of both efficiency and charity, any appeal should be pursued as close in time to the alleged unfair event as possible. Any appeal must be documented by all involved parties. Standard rules of evidence and strict confidentiality will be observed through any and all appeal steps.

INITIAL ACTION (Step One)

Upon discovery of evidence of dishonesty, cheating, or plagiarism by a student, the instructor will notify that student via their university email account of the infraction. The instructor may also schedule a meeting with the student either prior or subsequent to the official notification via email. Students are responsible for checking their university email account until all course grades are submitted or the appeal process is concluded.

I. The student will have an opportunity to appeal the charge in writing within two business days of the receipt of the email notification from the instructor. This appeal to the instructor must be submitted to the instructor via university email.
instructor concludes student is guilty of dishonesty, cheating, or plagiarism, a written incident report will be sent to the Registrar who will notify the Dean of the appropriate college. The instructor of the course has the discretion to administer either or both options below:

a. Assess a 0 or F for the paper, assignment, or exam
b. Assess an additional 10% penalty against the student’s final grade.

Once the course of action has been decided, the professor will notify the student via email, and a follow-up written report will be sent to the Registrar’s office.

PLAGIARISM SEMINAR REQUIREMENT

If a student is found guilty of his/her first offense of plagiarism, he/she will be required to attend a plagiarism seminar led by a qualified person appointed by the institution. The student must attend this seminar within six months of the incidence of plagiarism. Failure to attend will result in further disciplinary action. The student will also be charged a fee.

APPEALING A DECISION

As a Christian community, all Judson University personnel live under the authority of biblical standards and the direction of the Holy Spirit, sharing mutual accountability for ethical and just behavior. As a human community, we will make mistakes. Students at Judson University have the right to appeal academic decisions.

APPEAL PROCESS

If a student has appealed to the faculty member and disagrees with the faculty member’s decision that student has, without fear of penalty or reprisal, the right to pursue one or more of the following appeal steps:

Appeal to the Dean of the School (Step Two)

If the student's concern is not resolved after communicating with the faculty member, he/she may appeal in writing to the appropriate Dean of the School within two days of receiving a written response from the faculty member. The Dean of the School will send a written report to the Registrar once a resolution has been reached.

Appeal to Chief Academic Officer (Step Three)
If the student’s concern is not resolved after appealing to the Dean of the School, the Chief Academic Office may hear his/her appeal. The CAO will notify the student of the final decision and send a written report to the Registrar.

SECOND OFFENSE

Should there be a second offense of dishonesty, cheating, or plagiarism, in the same course or in any other course, the student may be dismissed from the University and, in the case of fraud, appropriate legal action will be taken.

Action by the Registrar

The Registrar will, upon receipt of resolution documentation, notify the appropriate parties.

1. Library staff if the student is required to take the seminar
2. Student Development
3. Dean of the school in which the student is studying
### Tuition and Fees

Tuition cost for the Masters in Leadership in Ministry (MLM) program is established each year. This is designed to lock in costs for the program. Educational Resources are provided by the University. The tuition cost is $24,000* for students entering the program for the 2015 academic year.

**The cost in addition to the per credit tuition provides funds for the Israel Experience courses and the technology resources.

### Refunds

#### DEFINITIONS

- **Refund** - a credit entered on a student’s account to reduce the amount of charges.
- **Drop** - refers to cancellation of registration for individual classes.
- **Withdrawal** - refers to cancellation of registration to all classes for the program.

#### TUITION REFUND FOR WITHDRAWAL

Students who withdraw from the University must file a withdrawal form with their Academic Advisor. Such formal
notice will establish the withdrawal date. If a student withdraws without notification, Judson University will determine a withdrawal date. Refunds will be granted per the following schedules:

**TUITION REFUND FOR DROPPING A CLASS**

- If the drop occurs before the begin date of the dropped class, the cost of the dropped class will be refunded at an effective hourly rate for the program and assumes the student has returned all Educational Resources in an “Unused/New” condition.
- Dropped classes may be rescheduled at a future date and will be billed at an effective hourly rate.
- The effective hourly rate for the program is the calculated rate using the total billable amount divided by the total number of hours in the MLM program.

If the drop occurs after the beginning date of the dropped class (see exception below), the refund will be calculated based upon the following schedule:

- After 1 night of class = 75% Refund of cost of this class
- After 2 nights of class = 50% Refund of cost of this class
- After 3 nights of class = 25% Refund of cost of this class
- After 4 or more nights of class = 0% Refund for cost of this class
- EXCEPTION: There is no refund for the first course in the MLM program if it is dropped after it has started. Since the first course includes billing for the Israel trip, the university will refund in accordance with the trip cancel and refund policy.

The cost of the class is calculated using the effective hourly rate as described above.

**WITHDRAWAL FROM THE MLM PROGRAM**

Generally, if the Withdrawal occurs before the beginning of a billing period, there will be no costs for that period. If the withdrawal occurs after the beginning date of the first class of the billing period, the refund will be calculated according to the DROPPING A CLASS process.
Financial Aid

The university has a strong financial aid program to help the student meet the costs of a Judson education. Funds are awarded in the form of grants, scholarships, loans, and earnings from work study employment. To apply for financial aid, the student must complete the Free Application for Federal Student Aid (FAFSA). Through this form, they are applying for federal, state, and university aid. For more detailed information concerning the university’s financial aid program, contact the Financial Aid Office (847-628-2532) for a brochure.

Judson Funded

Judson's scholarship and grant funds are maintained by organizations and individuals interested in helping students attain a university education. Grants vary in amount and are based on need as computed by the federal formula. Scholarships are based on merit and awarded for academic achievement, leadership, talent in the arts, or athletic ability, or graduates of high schools in the Fox Valley area. A student must be full time to be eligible for Judson funded scholarships and grants.

Federally Funded

Students enrolled at Judson are eligible to apply for grants, loans, and work study funded by the federal government. To be eligible, the student must submit a Free Application for Federal Student Aid (FAFSA), demonstrate need, be a U.S. citizen or eligible non-citizen, be in compliance with selective service regulations, not be in default on a student loan nor owe a refund on a federal or state grant, carry at least six hours per semester and be making academic progress toward a degree. Refund of excess financial aid: Credit on account can be refunded to the student a minimum of 15 days after the semester start date, provided financial aid is posted on account to effect a credit after charges are paid in full.

Veterans

Students who are eligible for Veterans Administration benefits should apply at their VA offices. The registrar’s staff certifies enrollment and reports any significant change in the student’s status. Probationary status jeopardizes the continuance of such benefits.

State Funded

Illinois Student Assistance Commission grants are awarded to eligible Illinois residents. Application for these grants is made through the Free Application for Federal Student Aid (FAFSA). Requirements are the same as those for federal funds. The Department of Rehabilitation Services (DORS) provides assistance for students with special needs. Application must be made to the DORS office.

Financial Aid/Retention Policy

Financial aid may be retained as long as the student is meeting the academic standards for continuing at Judson, is making satisfactory progress toward a degree, and maintains eligibility for any specific award. Financial aid is subject to change based on a change in need as determined by the federal formula. Students who return after dismissal will be
denied all aid—federal, state, and university until they have earned a grade point average, based on at least 12 hours, of 2.00 or higher, at any accredited university. Full-time students are expected to finish their degree requirements in eight semesters; however, a maximum of 10 semesters of institutional financial aid eligibility is allowed to cover special circumstances. Details of this policy are available in the Financial Aid Office.

**Course Load**

Students must carry at least six hours per semester to be eligible for any financial aid. Students must be full time (12 credit hours) for Judson aid.

**Refund Policy**

Financial aid which has been awarded to students who withdraw or are dismissed will be returned to the proper funds per a refund schedule which is consistent with current government regulations. This schedule is on file in the Financial Aid Office.

**Annual Financial Reports**

Annual financial reports of the university are available for review, on request, in the Business Affairs Office.

establishing acoustical design goals for different spaces in a building. The purpose of studying these themes of architectural acoustics is to learn how to make use of sonic and physical changes that enhance the quality of the built environment. Consequently, architectural acoustics studies and practice will include the topic of providing comfort and environmental protection to support human activities, through architectural forms that are aesthetically pleasing in the community and society at large.

The purpose of this course is to learn how to make use of visual and physical changes that enhance the quality of the built environment. The works of Aalto, Kahn, Mies, Wright, among others have controlled the sensory environmental qualities such as heat, light and sound to accentuate their design concepts. Architectural lighting studies and practice includes the task of providing comfort and environmental protection to support human activities, through architectural forms that are aesthetically pleasing in the community and society at large.

Students consider the warnings that industrialized objects, including buildings, tend to cause our disengagement. We will consider how buildings may have potential for building community and for enhancing engagement with created reality. All of us will be challenged to consider our faith-practice in the world described by contemporary philosophers, theorists, Christians, and critics.

Chicago Arch After the Fire

Chicago's buildings, spaces and arteries, concentrating on the period following the Great Fire of 1872. Addresses issues of design, culture and technology; emphasizes Chicago's diverse architectural traditions, urban planning and promotion of sustainable design. Lecture/discussion; field trips. Status as master's candidate in architecture of permission of instructor.

History Arch Theory Seminar

Study of primary works of architectural theory from antiquity to the modern period, considering how each reflects its writer's culture and personal values, and informs his/her architectural design, and broader contemporary practice. Major thinkers (Vitruvius, Palladio, Laugier, Ruskin, Corbusier, etc.) and themes (the classical tradition, human analogy, materialism, morality, historicism) will knit together the chronological study. Historical values will be considered within a contemporary Christian world view.

Advanced Architectural Drawing

This course is intended to build on the skills acquired in the prerequisite courses of ART111 Drawing I (sketching) and ARC122 Design II (drafting). Using a series of studio exercises and sketchbooks, it will expose the student to the intersection of these two types of drawing to develop a unique blend of controlled sketching with architectural sensibilities and conventions. The student will be introduced to the history tools and techniques of sketching as applied to architectural subjects. The use of black and white will be emphasized with limited exposure to color. The study of shades and shadow casting, or sciography, will also be

Advanced Studio involving the analysis of urban patterns at a variety of scales, investigates the contribution of building and site design to challenges in formal context, sustainability, urban regeneration, and the vitality of social systems. Architecture Program Fee: $950.00.

Advanced studio offering elective variety to prepare students for design in contemporary practice: intense investigations include typology, tectonics, sustainability (design, materials, and systems), and context. Architecture Program Fee: $950.00. Pre-requisites: ARC651

A seminar that continues the content of Professional Practice I, extending the subject into areas of law, ethics, regulation, professional registration, marketing, finance, business accounting, business structure, project delivery methods, contracts and client relations. Every Semester Pre-requisites: ARC556

This course investigates contemporary approaches to sustainable design. Students gain an understanding of relationships between radical energy conservation and production measures including: politics of green design, design for passive, measuring and controlling energy and material movement, designing for renewable energy and site regeneration, life cycle implications of design,
and post-occupancy assessment and retro-commissioning. Students gain critical practice knowledge, and complete the course prepared to understand green building design certification of various types (i.e. LEED, LBC, Cradle to Cradle, etc.)

The Architecture thesis makes an original, critical, and supported argument adding to the disciplinary discourse; original, meaning that the argument is unique and authored by the student; critical in that the investigation is advanced in the light of present scholarship, the history of architecture, and biblical wisdom; supported, meaning that the argument is defended intellectually and under girded by the student's research including case studies. The investigative medium may be writing or it may be design; however, the original and critical nature of an investigation by design must be articulated in words as must be the scholarly context and the supporting research. The proportion between written and design components may vary but the design portion must be substantive. The written and design components of the Thesis shall demonstrate excellence of high degree in scholarship, design, use of media, and presentation.

Architecture Program Fee: $950.00.

Continuation and completion of ARC681. Includes reviews by faculty committee as scheduled by committee chair, final presentation to committee and written documentation.

LIT505 Integrating Technology in Literacy Instruction
This course will examine the role of technology integration in the four main tenets of traditional literacy instruction - reading, writing, speaking and listening, as well as provide the opportunity to examine the pedagogical decisions for integrating technology in the classroom. The focus throughout the course is to teach candidates to integrate technology with literacy instruction in a dynamic way that affords students the opportunity to access content and learning in a way that was not possible prior to the advent of specific emerging technologies.

LIT510 Strategies for Effective Reading and Writing Instruction
This course examines current trends, best practices, research, and challenges in the teaching of reading and writing at a variety of grade levels. Degree candidates are exposed to professional resources from the field of literacy that invite an exploration of reader's/writer's workshop and readers/writers notebook. Additionally, candidates will focus throughout the course on the development of effective lessons and assessments for student readers and writers.
The purpose of this course is to help students develop graduate-level writing skills. Students will create papers with a clear thesis statement and with well-supported main ideas presented in a logical

Writing for Educators  
A significant portion of the class will provide grammatical instruction to help students avoid common errors in their writing, especially with respect to sentence structure, subject-verb agreement, verb tense, pronoun usage, and punctuation. Students will also format and document their papers following APA style rules.

This course examines theory and application related to teaching reading and writing to second language learners. The emphasis is on various instructional strategies and materials facilitating the assessment and development of English language learners in elementary and middle grade levels.

LIT520  
Reaching Second-Language Readers and Writers  
The intent of this course is to study the effective engagement of K-8 students whose motivation and interest in reading and/or writing is lacking. The course will take a focused look at affective elements related to literacy instruction such as rapport, student choice, teacher modeling, and authentic assignments. Throughout this course, students will have opportunity to make use of a variety of specific strategies intended to increase motivation and interest in reluctant readers and writers in their own classrooms.

LIT525  
Reaching Reluctant Readers and Writers

This course will focus on the types of literature and various oral methods which can be used in teaching literature in elementary and middle school. The ongoing focus of the course will be drawing in the interest of students through the creative use of solo and group oral reading. This approach combines performance with some stagecraft. Literature will draw from children's
books, poetry, short story, newspapers, diaries and the novel. The course will develop the vocal capabilities of the participants, such as pitch, pace, pause and force.

The culmination of this degree program will be a literacy conference featuring a variety of contemporary literacy topics explored and expounded upon by experts from around the country. Students will be actively involved in hosting this annual event.

In order for students to become mindful consumers of research, this course will introduce students to foundational and current research in literacy. This course will cover the major quantitative methods, qualitative methods, mixed methods, and action research process. Students will also learn sampling, data collection, and analysis techniques associated with these methods. Students will accomplish these objectives through large-group discussion of readings and individual projects, small-group discussion on topics related to literacy research, instructor and student presentations, written assignments, and feedback through group and one-on-one interaction.

This course will help the students to better communicate orally as an individual and orally in group presentations by studying and practicing strategies and methods for exceptional presentations to a variety of audiences and readers in an educational setting.

In Order for Students to develop the research skills discussed in LIT601, they will be guided through the processes of researching an area of

Students will develop the 'Implementation' section of this article in order to convey practical application of the findings to the reading audience. Students will accomplish these objectives through large-group discussion of readings and individual projects, small-group on the topics related to literacy research, instructor and student presentations, written assignments, and feedback through group and one-on-one interaction.

This course explores a wide variety of literature for K-3 children including fiction, nonfiction, traditional literature, picture books, big books, short novels, plays, and poetry. Emphasis will be on both expanding the teacher's knowledge of books, authors, and illustrators as well as creating engaging, meaningful curriculum for children that uses literature to support and extend content learning. Students will enroll in either this course or LIT620-2.

This course will focus on the evaluation of literature including fiction, non-fiction and poetry for use with readers in Grades 4-12. Emphasis will be on both expanding the teacher's knowledge of contemporary literature and how it is used in creating engaging, best-practice curriculum. Reading and class activities will focus on the uses of literature to support and extend literacy learning.
Discussion will extend the teacher's ability to implement literature in the classroom and creating in students a lifelong love of reading.

The purpose of this course is to help students revise, edit, and submit articles to professional journals. Students will revise their articles for content, organization, language, and sentence structure. APA Style rules will be used for formatting and documentation. Students will also edit their articles for errors in sentence structure, subject-verb agreement, verb tense, pronoun usage and punctuation.

This course will focus on the rationale and methods for developing expertise in writing instruction in kindergarten through third grade. The emphasis throughout the course is on recognizing the developmental aspects of writing ability and devising appropriate lessons and methods of assessment to help students become better writers. Students will enroll in either this course or LIT640-2.

This course will focus on the rationale and methods for developing expertise in writing instruction in grades four through twelve. The focus throughout the course is on recognizing the developmental aspects of writing ability and devising appropriate lessons and methods of assessment to help students become better writers. Students will enroll in either this course or LIT640-1.

This course will focus on the implementation of effective reading instruction for the range of readers found in K-3 classrooms. The emphasis will be on utilizing both formal and informal assessment data to guide in the planning.

Course provides students with the knowledge and understanding needed to lead an effective organization. The course discussions and assignments focus on business functions as well as the leadership elements necessary for a successful business. Christian values are examined, in light of the various business elements, in order to understand how a focus on the needs of others and fairness in all dealings create sustainable outcomes for all stakeholders.

Focuses on correct problem identification and employs the use of business statistics to make business recommendations.

Course focuses on leaders' and managements' role in Managerial Accounting. The course covers topics that include managerial accounting and cost concepts, job-order and process costing, variable costing, activity based costing, profit planning, flexible budgets, standard costing, performance measurements, differential analysis, capital budgeting, statement of cash flows, and financial statement analysis. Prerequisite: Foundational knowledge of accounting principles as typically acquired through an undergraduate course in accounting. Students who lack this academic background or have little working knowledge of the subject are directed to complete coursework or the accounting module of the MBATutor.

Course will cover the basic issues in Financial Management of Organizations including the role of the Chief Financial Officer; Financial Staff Organization; Financial Statement analysis and use; Financial Forecasting; Working Capital

and Current Asset Management; Sources of Financing, Long & Short Term; Time Value of Money; Capital Budgeting; Capital Markets; & International Financial Issues. Current developments in the overall environment will also be discussed. Prerequisite: Foundational knowledge of finance as typically acquired through an undergraduate course. Students who lack this academic background or have little working knowledge of the subject are directed to complete coursework or the finance module of the MBATutor.

Course will help students to gain an introduction to the field of Operations Management. Operations Management is the management of systems or processes that create goods and/or services to the end user. The operations discipline contains many activities such as forecasting, capacity planning, scheduling, job design, inventory management, facilities selection, and more. This course will cover the traditional subjects of Operations Management including Forecasting, Systems Design, and Inventory Management. This course will also cover the contemporary subjects of Operations Management including Quality Management, Supply Chain Management, and Project Management. Though none of these subjects will be covered exhaustively, for entire volumes have been written on each one, the student will receive a detailed overview appropriate to research the subject comprehensively. Having a comprehensive understanding of this subject, the student will be able to participate as a decisive leader in the operations management process in a business, social, and ethically moral way at all levels of a business organization whether at a for profit or non-profit organization.

BUS530
Operations and Project Management
Course focuses on the marketing function in organizational management. Students will learn to use the tools required to:
Collect relevant data from the marketplaces their organization serves, critically analyze the data, and compose projective estimates of the organizations opportunities and challenges.

Course will help students to ‘think beyond stage 1’. Students will think beyond the immediate consequences of decisions implemented within and outside of a corporation to the long-term repercussions of those decisions, which are often different and longer lasting. Additionally, as many of the economic decisions managers will face are a direct result of politics and social policies, the interplay of 'government with economics' will be a recurring theme in this course. Prerequisite: Foundational knowledge of

Students will have the opportunity to analyze their own organization and learn practical approaches for improvement. Explores cultural differences and variables. Focuses on developing necessary strategies to become effective global leaders. To this end, multicultural awareness and sensitivity, coupled with interpersonal tools and skills for leadership across distances and cultures, are essential. Theory and practice are blended in this course and provide insight into the many facets of working with individuals and organizations in various cultural frameworks. Students will be enabled to understand the impact of culture and diversity, as well as expand their cross-cultural capabilities, which include creating mutually beneficial partnerships around the world.

Enables students to discuss key leadership lessons learned and the lessons' specific applications to their personal and professional life. Students will interact with knowledgeable, experienced advocates who hold students accountable for aspiring to become effective leaders.

Recognizes generational issues as one aspect of diversity. Focuses on the characteristics of Veterans, Boomers, Xers and Nexters and the impact these characteristics have on the relationships that exist in the workplace. For example, students will explore communication preferences of each group, and their effect on recruiting, managing, and retaining employees. Students will develop skills that will facilitate leading a multigenerational workplace. Theory and practice will be integrated in this course through the use of current research and case studies and journaling by the students.

Focuses on the development of a creative and innovative mind that balances that need of the organization with the need of people within the organization for stability. Students will learn how to develop a creative mind, how to implement innovations, and how to help an organization and its people through the process of change so that innovations can be implemented smoothly and with minimal disruption to the organization.
