Part I Statistical Report	√Included	Not Included
Part II Narrative Report	√Included	Not Included

**Section Two:  
Assessment of Narrative Report**

NOTE 1: If a deficiency is included in the scope of an FE, the program may not be released from reporting on it in Part II of the Annual Report, except by the FE Team.

NOTE 2: Although an area may be marked "satisfied, no further reporting required," the next visiting team will still make its own assessment of the program's response to the deficiency in the next *Visiting Team Report*.

**DEFICIENCIES**

**None**

**CAUSES OF CONCERN**

**Advising/Registration Issue**

This concern has been addressed through the implementation of a new advising system.

**Faculty Issues**

With the hiring of two new faculty members at the assistant professor level in 2011-12, the department believes it is adequately staffed. On the issue of attracting and retaining adjunct faculty, the program has gotten approval to base adjunct pay on load hours (instead of credit hours), but given the financial pressures on the institution, the rate has not been increased to meet the targets requested by the department. It is unlikely that progress will have been made on this before the next visit in 2013.

**Growth**

The program reports that enrollment has remained stable for the past few years and that faculty/staff levels are adequate for current enrollment.

**Financial Assistance**

Two small initiatives are underway to develop an architecture endowment.
