

Academic planning is the student's responsibility. This Four Year Plan is designed to be a guide to assist students as they plan their course selections. This is only a suggested schedule, and is not a substitute for a student's Degree Audit, nor the Judson University Catalog. Actual course selections should be made with the advice and approval of an academic advisor. Students should become familiar with the catalog in effect at the time at which they entered the institution. Course requirements and sequencing may vary with AP courses, transfer courses, English/math placement, or other conditions.

NOTES pertaining to the Interior Design major:

- ¹ Full-time course load is 12-18 credits per semester. Illinois residents receiving state aid should register for 15 hours per semester.
- ² Many ARC and INT courses are sequential. Students must successfully pass all ARC and INT courses with a minimum of a C- to meet the prerequisite of the next course in the sequence. For example, a student must earn a C- or better in ARC 251 in order to take ARC 252.
- ³ ARC 101 is required for all students new to the Architecture Department at Judson University, to address insurance, liability and safety concerns. However, students with facility with the wood shop, assembly tools and processes may test out of this course, as arranged with the instructor, at the first day of the course offering. Until then, ALL new students must register for and attend this course.
- ⁴ Designated Architecture and Interior Design studio courses carry a program fee resulting from the unique expenses of these majors. The fee is applied to studio courses from second semester of freshman year through graduate study. The program fee applies directly to the specialized programming, technology, materials and physical resources necessary to maintain the distinctive excellence of programs in the Department of Architecture. For ARC 122, the program fee is \$650. For all designated studios in the second year and above, the program fee is \$950.
- ⁵ During the spring term of the second year, all students must submit application for the Mid-Program Review, for acceptance into the third year, or professional portion, of the architecture program. Students must achieve an overall GPA of 2.50 in all coursework and a 2.75 GPA in all ARC and INT coursework taken at Judson University, to date, including completion of all ARC and INT courses taken with a C- or better. A portfolio of works and a letter of intent are also required with the Mid-Program Review application, as described in the Architecture supplement to the Judson University Student Handbook. Students must pass the mid-program review as a prerequisite for all 300 & 400 level ARC and INT courses.
- ⁶ ARC 222-ID is only offered every other spring term. In those years when it is not offered, first-year students should swap this course with BST 102, PSY 111, or SOC 151, and take ARC 222-ID in the spring of the second year.
- ⁷ Students are encouraged to explore various elective offerings in architecture or in different disciplines. Common architecture electives are noted below [although each is not always offered]. Students who have satisfied the undergraduate elective requirement may take up to 6 credits of graduate elective credit, as an undergraduate, the permission of the instructor and Department Chair.

°ARC 400	Topics in Architecture	Graduate-level electives:	
°ARC 410	Advanced Digital Design	°ARC 630	Chicago Architecture After the Fire
°ARC 416	Architectural Rendering in Watercolor	°ARC 671	Advanced Case Studies in Sustainable Design
°ARC 425	Advanced Architectural Acoustics I	Other eligible elective offerings include:	
°ARC 426	Daylighting in Architecture	°ART 211	Drawing II
°ARC 429	Multiculturalism and Architecture	°ART 212	Painting I
°ARC 442	Advanced Architectural Drawing	°ART 223	Darkroom Photography I
°ARC 492	Architecture for Christian Worship	°ART 311	Drawing III
		°ART 315	Ceramics: Handbuilding
		°ART 316	Ceramics: Wheel Throwing
- ⁸ The INT 381 Interior Design Study Tour is a distinctive of the Judson Architecture program, and it is a required course. INT 381 is a 4-week foreign study course, in Europe, focused on field-sketching, watercolor, history and place. INT 381 is usually taken during the May-term following the third year of undergraduate study, or as applicable in a transfer sequence. INT 381 has a separate trip cost of \$5600 + \$1375 summer tuition + \$100 fee + personal spending. Initial details for INT 381 will be communicated prior to the end of the students' second year, and planning and preparation will occur throughout the students' third year, prior to the execution of the course, following the third year of study.
- ⁹ All Interior Design majors who spend four years studying at Judson receive an Architectural Studies minor. It is possible for a second minor to be pursued as well. Commonly pursued minors include Studio Art, Graphic Design, Photography, Business, Worship Arts, or Biblical Studies. Advanced Placement courses or transfer of Gen Ed credit [from community colleges or summer courses] is highly encouraged for students seeking a second minor. Transfer students may or may not achieve the Architectural Studies minor, depending on the transfer plan and specific courses taken.
