

**JUDSON UNIVERSITY**

**FOUR YEAR PLAN**

Academic planning is the student's responsibility. This Four Year Plan is designed to be a guide to assist students as they plan their course selections. This is only a suggested schedule, and is not a substitute for a student's Degree Audit, nor the Judson University Catalog. Actual course selections should be made with the advice and approval of an academic advisor. Students should become familiar with the catalog in effect at the time at which they entered the institution. Course requirements and sequencing may vary with AP courses, transfer courses, English/math placement, or other conditions.

***Bachelor of Arts in Accounting***

**NOTE: Illinois residents receiving state aid should register for 15 hours per semester.**

\*Accounting majors are encouraged to take additional electives each semester to work towards the 150 credit hours required to sit for the CPA exam. Please refer to the "How to Be CPA Ready" handout available from your advisor for additional options to acquire 150. Chapel credits (1 hour per semester) do not count towards graduation but do count toward the 150.

\*\*Only 2 hours of an accounting practicum are required but students may earn a total of 6 practicum credits towards graduation across all semesters. A total of forty practicum working hours is required for each hour of credit. The Board of Examiner only accepts 3 accounting practicum hours towards the 30 required accounting hours and 3 general business practicum hours towards the 24 non-accounting business credits requirement.
